LIGHT

10 Year warranty

Roncato Light è il trolley in Polipropilene che si distingue per leggerezza ed eco-compatibilità.

L'utilizzo di materiali riciclabili al 100% e un sistema di produzione e di assemblaggio studiato sin dalla fase di progettazione per ridurre le emissioni nocive di CO₂, confermano l'impegno dell'Azienda nel promuovere una politica di sensibilizzazione ambientale per il benessere del nostro pianeta. Quest'impareggiabile combinazione di durata, sicurezza, leggerezza ed elevato volume è pronta per il tuo prossimo viaggio!

Tutti i tuoi effetti personali sono protetti con il sistema di chiusura a 3 punti.

Roncato Light is a spinner in Polypropylene, which stands out for its lightness and eco-compatibility.

Materials that are 100% recyclable and a production and assembly system designed right from the planning stage to reduce harmful CO₂ emissions, show that the company is committed to promoting an environmental awareness policy for the wellbeing of our planet. This unsurpassed combination of sustainability, safety, lightness and high packing volume is ideal for your next trip!

All your belongings are secured with the 3-point locking system.

ReLIFE

New

Designed &
Developed in Italy

5 Year warranty

La collezione ReLife, interamente progettata in Italia, si compone di 3 trolley (grande, medio, cabina) a 4 ruote.

I gusci, il tessuto delle cerniere e del sistema espandibile, oltre alla fodera, sono realizzati in RPET, materiale realizzato da bottiglie riciclate, a dimostrazione dell'impegno di Valigeria Roncato per la salvaguardia del pianeta.

La linea si presenta in quattro accattivanti combinazioni colore, con ruote doppie piroettanti removibili, che offrono al prodotto maggior stabilità e manovrabilità e consentono, inoltre, di avere maggior capacità di carico al trolley, essendo appunto staccabili. Togliendo la ruota al momento del check in, la misura del trolley in altezza diventa come quella di qualsiasi altro bagaglio cabina. Le ruote possono essere rimosse anche per evitare rotture durante il trasporto in aereo e riposte in un comodo astuccio. L'interno si compone di due ampi comparti dotati di divisorii e cinghie con chiusura a scatto con le quali fissare facilmente vestiti e scarpe. Un dettaglio da evidenziare: il porta indirizzo realizzato in sughero.

B-FLYING TRUNK

New

5 Year warranty

L'innovativo trunk della collezione B-flying, realizzato in 2 misure, è realizzato in leggero polipropilene, riciclabile, a dimostrazione dell'impegno di Valigeria Roncato per la salvaguardia del pianeta.

Essendo più stretto e profondo rispetto ad un trolley è perfetto per viaggiare anche in treno, permettendo di passare più agevolmente tra i corridoi.

Permette inoltre di accedere al contenuto del bagaglio aprendo il guscio a 90 grandi, anziché a 180.

È più facile da riporre anche in hotel o nei luoghi con poco spazio a disposizione, grazie a questo tipo di apertura. È dotato di 3 maniglie di sollevamento e offre maggior sicurezza grazie all'high-tech security zipper, resistente alle forti pressioni e all'acqua, per la chiusura.

The innovative trunk of the B-flying collection, made in 2 sizes, is made of lightweight, recyclable polypropylene, demonstrating Valigeria Roncato's commitment to safeguarding the planet.

Being narrower and deeper than a trolley, it is also perfect for traveling by train, allowing you to pass more easily between the corridors. It also allows you to access the contents of your luggage by opening the shell to a large 90, instead of 180. It is easier to store even in hotels or places with little space available, thanks to this type of opening. It is equipped with 3 lifting handles and offers greater safety thanks to the high-tech security zipper, resistant to strong pressure and water, for closing.

B-FLYING

Designed &
Developed in Italy

5 Year warranty

La collezione B-flying è stata interamente progettata in Italia ed è adatta a soddisfare le esigenze dei clienti che amano viaggiare in modo pratico e funzionale.

È composta da 4 trolley espandibili, per una maggiore capienza interna, e il beauty-case. I gusci sono realizzati in polipropilene per garantire resistenza e leggerezza, mentre la fodera interna è realizzata in Poliestere 210T. L'organizzazione interna permette di organizzare al meglio ogni cosa grazie a elastici per bloccare i vestiti, divisori e comparti dedicati. Le ruote dei trolley sono doppie per una maggiore stabilità del prodotto e presentano un design colorato ed accattivante. I bagagli sono dotati di lucchetto a tripla combinazione TSA (Travel Sentry Approved) per i viaggi negli Stati Uniti. B-flying è una linea adatta a tutte le esigenze di spostamento, dal carattere giovane e allo stesso tempo funzionale grazie all'integrazione del sistema di ricarica tramite USB.

The B-flying collection is entirely designed in Italy and it's suitable to meet the needs of customers who love traveling in a practical and functional way.

It is made up of 4 expandable trolleys, for greater internal capacity, and a beauty case. The shells are made of polypropylene to ensure resistance and lightness, while the internal lining is made of 210T polyester. The internal organization allows you to better organize everything thanks to elastic bands to secure clothes, dividers and dedicated compartments. The trolley wheels are doubled for greater product stability and have a colorful and attractive design. Luggage is equipped with a TSA (Travel Sentry Approved) triple combination lock for travel to the United States. B-flying is a line suitable for all travel needs, with a young and at the same time functional character thanks to the integration of the USB charging system.

Le borse pieghevoli RV Compact Neon sono le compagnie ideali per i vostri viaggi e per i vostri spostamenti, realizzate in un materiale leggero e resistente.

Possono essere utilizzate come bagaglio cabina (personal use) per viaggiare gratuitamente con la maggior parte delle compagnie aeree. Internamente sono federate e provviste di tasca con cerniera per riporre piccoli oggetti. Si possono facilmente ripiegare su sé stesse e trasformare in una piccola bustina. Colorate, vivaci, dinamiche, sono perfette per contenere tutto ciò di cui avete bisogno durante i vostri viaggi. Sono impermeabili, leggere, capienti. Sono dotate di fascia posteriore per posizionarle sopra i trolley e agganciarle ai tubi. E quando non vi servono? Potete comodamente piegarle e tenerle in valigia.

The RV Compact Neon foldable bags are the ideal companions for your trips and travels, made of a light and resistant material.

They can be used as cabin baggage (personal use) for free with most airlines. They are internally lined and equipped with a zip pocket to contain small objects. They can easily be folded on themselves and transformed into a small bag. Colorful, lively, dynamic, they are perfect to contain everything you need during your travels. They are waterproof, light, roomy. They are equipped with a rear band to place them on trolleys and attach them to the tubes. And when don't you need them? You can conveniently fold and keep them in your suitcase.

ALASKA

Designed &
Developed in Italy **3** Year warranty

La collezione Alaska, completa e ben strutturata, tutta in pelle, si compone di portafogli, zaini business che contengono pc da 14 e 15.6 pollici, pochette da uomo e borselli crossbody.

È stata realizzata in 2 colori: nero e blu navy. I pellami utilizzati sono 2: un soft dollar, cioè una pelle pieno fiore estremamente morbida al tatto con una leggera goffratura superficiale e una seconda Nappa liscia che crea contrasto e impreziosisce il design degli articoli. Si tratta di una pelle pieno fiore molto pregiata, resistente all'acqua, ai graffi e con una buona tenuta del colore. Dettagli tono su tono, a leggero contrasto, donano un tocco in più, così come lo stile giocoso e moderno che si combina alla fodera interna stampata e colorata. Il logo in metallo è rotondo, a filo con la superficie del portafoglio.

The Alaska collection, complete and well structured, all in leather, consists of wallets, business backpacks that contain 14 and 15.6 inch PCs, men's bags and crossbody bags.

It was made in 2 colours: black and navy blue. The leathers used are 2: a soft dollar, that is a full-grain leather extremely soft to the touch with a light surface embossing, and a second smooth Nappa that creates contrast and embellishes the design of the items. It's a very fine full-grain leather, resistant to water and scratches and with good colour fastness. Tone-on-tone details, in slight contrast, give an extra touch, as well as the playful and modern style that is combined with the printed and coloured inner lining. The metal logo is round, flush with the surface of the wallet.

A photograph of a man with red hair sitting in an airport lounge. He is wearing a denim jacket over a light-colored shirt and jeans. He is looking down at his phone, which he is holding in his right hand. In front of him is a large, light-colored suitcase with a dark handle. The background shows the interior of an airport with other people and seating areas.
